CANCELLED: An Exploration of the Novel: The English Patient

Thu 6:00 PM - 7:30 PM  start: 2/15/2018  end: 3/22/2018
Tucson Place - Palo Verde
Class Cost: Unlimited Membership: $0.00; Pay Per Class Membership: $90.00

Course Description

The English Patient won Canada's most prestigious literary award, the Governor General's award as well as the Booker Prize. The novel is set in a battered Tuscan villa in Northern Italy at the end of WW II. We are challenged to read this story as a History, a Romance, a Mystery while searching for what is the truth of this novel. Michael Ondaatje is a poet and a novelist. His descriptions capture the imagination, settings in the Lybian desert, the Cave of the Swimmers, the variety of desert winds. At the heart of the story is an obsessive love story. In 1996 Anthony Minghella won the Best Director Oscar for his film The English Patient.

Study Group Leader(s)

In her classes she encourages the participation of members in the discussion and provides the opportunity for anyone interested to prepare and give a short presentation on a topic which is relevant to the novel being studied.

SS: Why Competition in the Political Industry is Failing America

Thu 6:00 PM - 7:30 PM  start: 2/15/2018  end: 2/15/2018
Tucson Place – Ocotillo
Class Cost: Unlimited Membership: $0.00; Pay Per Class Membership: $15.00

Course Description

This single session will view a one hour webinar hosted by the Harvard Business School for its alumni, presenting the conclusions of non-partisan research on why the current political system is failing America and what, within the sphere of
practicality, can be done about it. We will spend the second hour discussing what we have heard in the webinar; whether the analysis rings true; whether the recommendations would influence a positive change; and if so, what we can do as individuals to influence the adoption of those recommendations.

SS: Science and Gender

Thu 6:00 PM - 7:30 PM  start: 3/8/2018  end: 3/8/2018
Tucson Place – Saguaro

Class Cost: Unlimited Membership: $0.00; Pay Per Class Membership: $15.00

Course Description

During the last 200 years, in the development of modern physics and mathematics, we find remarkable contributions by women scientists that have produced monumental paradigm changes in our understanding of nature. I’ll introduce eight scientists and discuss their biographies and accomplishments. I’ll single out three women that share similar controversial experiences of being denied the Nobel Prize, although, it has been argued that they deserved it for their scientific contributions. A fourth one did receive in 2014 The Fields Medal, the most prestigious award in
Mathematics; she is the first and only woman since the inception of the prize in 1936. It is appropriate to recall that there is no Nobel Prize in Mathematics.

SS: Bhutan: In Search of Gross National Happiness

Thu 6:00 PM - 7:30 PM   start: 3/22/2018   end: 3/22/2018
Tucson Place – Ocotillo

Class Cost: Unlimited Membership: $0.00; Pay Per Class Membership: $15.00

Course Description

Ever since the 1970s, when Bhutan’s former king, Jigme Singye Wangchuck, coined the term Gross National Happiness (GNH), economists, sociologists, philosophers and politicians have questioned whether relying solely on economic output (Gross Domestic Product or GDP) is a viable measure of the general contentment and wellbeing of a people. This session will introduce the tiny country of Bhutan, based on the presenter’s trip to that country in summer 2016, and will explore the concept of GNH as conceptualized by that nation and by the global community.

No Class on 3/3/2018

Tucson Place - Palo Verde

Class Cost: Unlimited Membership: $0.00; Pay Per Class Membership: $60.00

Course Description

The basis for the course will be the book "The Power of Myth", a compilation of interviews between Bill Moyers and Joseph Campbell in the 1980's. Campbell is considered the world's foremost authority on mythology. The course is designed for open discussion, during which we will explore Campbell's approach to myth, what it is, and how it integrates into our belief systems and our lives. We will cover two chapters in each of four sessions. The questions that will be the basis for discussion can be accessed at http://www.misterdann.com/mythaspowerofmyth.htm. To learn more about Joseph Campbell and his work go to the Joseph Campbell Foundation web site at https://www.jcf.org/about-joseph-campbell/. The book is available in e-book, hardback, and paperback through on-liner vendors, your local bookstore, and perhaps your local library.

SS: There Are No Hummingbirds on Mars

Sat 10:00 AM - 11:30 AM start: 3/17/2018  end: 3/17/2018

Tucson Place - Ocotillo

Class Cost: Unlimited Membership: $0.00; Pay Per Class Membership: $15.00

Course Description

This course will be a discussion of the evolution of biodiversity on Earth, centered on the evolution and adaptive radiation of hummingbirds, nectar-feeding bats, and primates in the New World tropics. General themes will be the evolutionary history of these iconic groups of vertebrates with an emphasis on general evolutionary principles, conservation concerns about these and other tropical groups, and the vast disparity between our priorities about conservation of biodiversity here on Earth and space exploration. Is it true that we're more concerned with putting people on the moon and Mars than protecting and studying life on Earth? If so, why is this?

Study Group Leader(s)
